# eHealth for Regions Network

---

- The **Political Strategic Board (PSB)** consists of representatives of the highest political levels in the partner regions and supports the network.
- The **Executive Steering Committee (ESC)** develops a yearly activity and dissemination plan, decides about the use of the budget of the network and prepares the decisions for the Political Strategic Board.
- The **Management Secretariat (MS)** prepares the PSB and ESC meetings, organizes the network dissemination, maintains the network website, addresses new partner and promotes new projects. The MS is located at Flensburg University for Applied Sciences.

# eHealth for Regions Network

---

- Started as INTERREG IIIb project 2004-2007; since 2008 the Management Secretariat (MS) is located at Flensburg University for Applied Sciences.
- Yearly budget is approx. 50.000 €.
- Strategic objectives are to increase awareness and acceptance of eHealth and to improve the availability and accessibility of health care services. Furthermore we aim at fostering mutual access to regional health care markets and at developing and conducting joined projects.

# eHealth for Regions Network

---

- Selected projects
  - ICT for Health
  - PrimCareIT
  - BaltCityPrevention
- The network was assigned as Associated Expert Group within NDPHS in 2012.
